## Substance Use Screening Tools for Adolescents

### A component of **Using SBIRT to Talk to Adolescents about Substance Use** four-part webinar series

This first webinar in the series discusses the value, rationale for, and evidence of using the Screening, Brief Intervention, and Referral to Treatment (SBIRT) model with adolescents as well as the use of valid, brief screening tools for substance use and other risk factors and how to determine the recommended level of intervention based on level of risk. Participants will learn how to introduce screening to adolescents and how to relate screening score results to level of risk and appropriate level of intervention. This webinar will review the CRAFFT+N 2.1, S2BI, the NIDA Modified ASSIST Levels 1 and 2, BSTAD, PHQ-2/9A, and C-SSRS for use with adolescents, providing instructions and scoring for each.

#### Learning Objectives:

- Learn what SBIRT stands for and what each component means.
- Understand why SBIRT is relevant and important for use with adolescents and young adults.
- Learn how to administer, score, and interpret the CRAFFT+N 2.1, S2BI, the NIDA Modified ASSIST Levels 1 and 2, BSTAD, PHQ-2/9A, and C-SSRS.

- Ideal for social work and nursing students, educators, and clinical supervisors, as well as mental health counselors, substance use professionals, medical professionals, professional counselors, psychologists, employee assistance professionals, and other helping professionals that are interested in learning about SBIRT
- Use with clinical supervision or watch together with your colleagues
- Free Certificates of Attendance for everyone
- Only need a computer/internet connection or a smartphone (compatible with PC, Mac, iPad, iPhone, Android)
- Closed captioning available

#### Featuring Expert Presenters:

**Ken C. Winters**  
PhD

**Brett Harris**  
DrPH

Produced in partnership with the Adolescent SBIRT Project, NORC at the University of Chicago, the BIG Initiative, and the Conrad N. Hilton Foundation.
